TESTIMONIAL

WHAT I LEARNED AND ENJOYED!!

Sookmyung Women's University Winter Beyond Borders Program has allowed me to come to Korea, and learn Korean, which are two things I have really wanted to do for a long time. It has been a great experience and I have made many new friends here both from Korea and from other countries represented here by my fellow program members.

I have really enjoyed the lessons that I've taken here at Sookmyung and will recommend it to my fellow Macquarie students because I believe that the quality of the education there is excellent, as well as the facilities. I may even come back again as a student for my post graduate studies.
